

ECO 50

WASTE BIN WITH ASHTRAY

The ECO 50 pole bin is in strong galvanised sheet steel with cover die-cast in light aluminium alloy, prepared for attaching to a pole with a special hook device.

The cylindrical container features an exclusive, attractive design which attracts the user's attention and allows completely safe intuitive use.

The waste bin consists of an upper cover with opening protected from bad weather supplemented by a cigarette stubber and a container of 50 l with a cigarette end collection area incorporated.
