

## ECO PILA EASY

### USED BATTERIES CONTAINER

Eco Pila 'Easy' is a specific collector for used batteries, designed and produced for use in total safety.

The container is manufactured in pre-galvanised steel with base in hammered concrete, to ensure robustness.

The container is completely closed with a lock; it has three small openings for the used batteries that prevent removal of the material already stored.

Easy to use, it has a handy side hatch for emptying incorporated into the collection container.
