

TITTA DAISY

PLANTER

The Titta - Daisy planter offers an unmistakable design where innovative features and recorded history blend. As a result, it's easy to install in any urban, historic or contemporary context.

Daisy consists of an effective stove enamelled steel containment tank and a solid tubular support structure, identical to that used for the 'Line' bench.

So the planter can integrate directly with the bench, creating a single item.

CODE	1202100
DESIGN	Arch. G. Villa & A.U.ESSE srl
PATENT	Exclusive property of A.U.ESSE S.r.l.
SIZE	Length 1120 mm - Depth 520 mm - Height 500 mm
MATERIAL	Side supports in tubular steel - Tank in electro-galvanised steel plate
PAINTING	Application of galvanising base and coating in 100% polyester powder with polymerisation in the furnace at 180°C
CAPACITY	N.3 average stem plants
WEIGHT	43 kg.
ADDITIONAL AND OPTIONAL COMPONENTS	-
PACKAGING	Pallet with cardboard
