

TITTA BIKE

BICYCLE RACK

The Titta - Bike bicycle rack in tubular steel and flat rod, with multi-layer surface protection, very robust to ensure long life.

The pleasing aesthetic impact is a feature of this product in formal continuity with benches and planters for an overall design of open spaces.

Self standing, it can positioned either as double-sided or single-sided.

The asymmetric arrangement of the support structures gives high accessibility with immediate understanding by the user.

CODE	1202200
