

ECO T/F FACILE

WASTE COLLECTION CONTAINER T and/or F

Eco T/F "Facile" is a specific container for the collection of domestic toxic and harmful waste.

The container is manufactured from pre-galvanized steel with a hammer-finished concrete base, ensuring robustness.

Completely closed and lockable, it features a special opening for waste input, preventing the removal of already stored material.

Easy to use, it has a convenient side door for emptying, which incorporates the collection container.
